

KICK AXE THROWING® Safety

Kick Axe has implemented the following measures to be the safest entertainment experience possible

SOCIAL DISTANCING IN COMMON AREAS

Social distance standards will be marked out in designated areas.

ALL PRIVATE RANGES

Each group will have a private range to themselves. This means your group will be the only ones in the range. We'll never pair you with strangers.

CONTACT-LESS CHECK-IN

Our waivers are available online so you won't need to touch screens or make contact with our team members during check-in.

QR codes will be available to sign waivers on your own mobile device to limit contact.

HAND SANITIZER AVAILABLE

We've always had hand sanitizer available for use and we'll continue to have readily available throughout the venue.

DISINFECTING BETWEEN GAMES

After a group completes an axe throwing session, a cleaning and sanitation is performed.

In addition, each axe throwing session will start at staggered times to minimize contact with other groups.

DO YOUR PART

WE KINDLY ASK THAT CUSTOMERS FOLLOW ANY APPLICABLE JURISDICTIONAL REQUIREMENTS RELATED TO THE USE OF MASKS AND SOCIAL DISTANCING.

If you or someone in your group is not feeling well, please don't hesitate to reschedule.

OUR TEAM

All employees will be wearing face masks throughout your experience. Our staff will be distancing themselves from you as much as possible.
